ILLUSION

NEW

Unsere neueste Innovation aus der Illusion Line. Hier werden nahtlos zwei Farben miteinander kombiniert, was die LEDs schon in ausgeschaltetem Zustand zum absoluten Hingucker macht. Kombiniert man diese besondere Glasführung mit unseren hauchdünnen, ringförmig angeordneten Filamenten, werden wunderschöne Spiegelungen erzeugt, welche die Illusion des schwebenden Lichts noch verstärken.

Our latest innovation from the Illusion Line. Here, two colours are seamlessly combined, making the LEDs an absolute eye-catcher even when switched off. When this special glass design is combined with our ultra-thin, ring shaped filament, beautiful reflections are created that further enhance the illusion of floating light.

FLOATING

NEW

Ein weiteres Highlight aus unserer Floating Line. Unser patentiertes Soft-Flament, welches die filigranen Spiegelungen erzeugt, wird hier mit extravaganten Trinkglas-Formen vereint. Nicht nur als kreatives Beleuchtungshighlight in der Gastronomie, auch in der heimischen Bar oder bei Familienfeiern erzeugen diese Leuchtkörper eine besonders geschmackvolle Stimmung.

Another highlight from our Floating Line. Our patented soft filament, which creates filigree reflections, is combined here with extravagant drinking glass shapes. Not only as a creative lighting highlight in the catering trade, but also in the home bar or at family celebrations, these lamps create a especially tasteful atmosphere.

Lasen Sie sich von der
FLOATING Line in die
Welt des Styles entführen.
Die Reise des schwebenden
Lichts geht weiter – das
gleiche warme Licht, jedoch
durch weitere auf-fallend
schöne Formen an-gestrichen.
Auch in ausgeschalteten
Zustand sind diese
FLOATINGS ein echter Hingucker.
Sie sehen schön aus, auch
Schöngeister kann man ge-
nug bekommen.

Let the FLOATING Line
take you into the world of
style. The journey of
floating light continues –
the same warm light, but
comple-mented by other
surprising-ly beautiful
shapely forms when
switched on. These
FLOATINGS are a real eye-
catcher. You can't get
enough of such UFO sig-
nals.

FLOATING

Beim Billard wird die schwarze Kugel final angesetzt und versenkt. In unserem Fall steht die black 8 jedoch keineswegs für das Spiel-ende, sondern vielmehr für das Beginn einer weiteren innovativen Variante unserer Floating Line. Entdecken Sie die bekannte Form nun in ganz neuem Look. Das opalfarbene Glas kombiniert mit unserem hocheffizienten Soft-Filament wird Sie begeistern. Unendlich schönes Licht.

In billiards, the black ball is finally played and pocketed. In our case, however, the black 8 does not represent the end of the game, but rather the beginning of another innovative variant of our Floating Line. Discover the familiar shape in a completely new look. The opal-colored glass combined with our highly efficient soft filament will inspire you. Infinitely beautiful light.

Black 8
4 W | 240 lm | 2200 K

Die Glückszahl 8 steht für die Unendlichkeit, für Gleichgewichts, Harmonie und Verbundenheit. Jedoch auch für unendlichen Mut, Macht und Sieghaftigkeit.

The lucky number 8 stands for infinity, for balance, harmony and connectedness. However, it also stands for infinite courage, power and victoriousness.
